

Searching for Osama along the axis of Elvis

The hunt for the world's most wanted man, Osama bin Laden, hasn't gone too well. Contrary to some reports, he is thought still to be alive. Yet he has not been seen in years, except occasionally on *Survivor-Afghanistan*, an Al-Qaeda reality show broadcast on Al-Jazeera. It is obviously easier to find a needle in a heartland haystack than a *nudnik* in a desert cave. Team America clearly needs help. They are unable to find Osama, but Elvis Presley, who has been dead for the last thirty years, has been sighted regularly since he went underground. Could it be that Osama can't be found because he has adopted an Elvis disguise?
