

A host of cultural and worship opportunities on offer

ME99 offers delegates more than stimulating discussions and opportunities to meet other academics, church and community leaders. Part of the “synergy” the event hopes to create is the sharing of different cultural and religious experiences. Information about alternative tours of Cape Town, including the District Six Museum and Robben Island, is available at special tables in the hall. There is also opportunity to share worship experiences, and St Paul’s Church (Anglican), the Claremont Mosque, the Moravian Centre and Bah’ai Centre have made special arrangements for ME delegates. Details of these and other special events are available from ME staff.
