## DETAILS OF WORK EXPERIENCE

I am an Emeritus Associate Professor in the Department of Psychiatry and Mental Health at the University of Cape Town, South Africa.

### Mentoring experience:

Throughout the latter 25 years of my career, I have undertaken both formal and informal mentoring of students and staff primarily in South Africa but also for many project staff and students in other countries.

This has taken the form of:

- Formal supervision of students who have all successfully graduated;
- Formal role as coordinator of the mentor-mentee component of the STRiDE project and taking on 2 mentees myself who I continue to have contact with beyond the project;
- Formal mentor for current PhD student at CPMH;
- Mentor for a research officer at the Perinatal Mental Health project;
- Leading the capacity building component of the AFFIRM project at the Centre for Public Mental Health, University of Cape Town.
- Informal mentoring and support of staff as office lead while at the HSRC, Pretoria.

I have particularly enjoyed that component of my work and have received feedback from many people that they appreciated my efforts.

### **1. April 2022 and ongoing: Consultant in disability studies and applied research**

As a consultant the activities I have been involved in include:

- Part of a team of associate editors for 2 special issues arising from the STRiDE project on dementia. The special issues are in the Dementia journal and the International Journal of Geriatric Psychiatry (April 2022 – September 2024)
- Team leader and disability expert for Development Pathways's contract with UNICEF Iraq to conduct a situation analysis and disability-inclusive social protection review for children and young people with disabilities (June 2023 – May 2024).
- Co-chairperson of the Ministerial Task Team reviewing White Paper 6 on Inclusive Education for the South African National Department of Basic Education (March 2024 to February 2025)

### **2. August 2012 to March 2022:**

Project manager (from 2012), Senior lecturer (from Nov 2015) and Associate Professor and Deputy Director (from January 2018) at the Alan J. Flisher Centre for Public Mental Health, Department of Psychiatry and Mental Health, University of Cape Town. The main projects I worked on included a randomised controlled trial on a task sharing intervention for depressed pregnant women (AFFIRM project manager) and strengthening responses to dementia in developing countries (STRiDE project) as lead for the South African component.

### **3. July 2011 to June 2013:**

Research Fellow, Centre for Social Development in Africa (CSDA), University of Johannesburg, South Africa. Responsibilities are as team leader on a disability and poverty project funded by AusAID.

### **4. August 2010 to July 2012:**

Research Officer, Department of Psychology, Stellenbosch University, South Africa. Responsibilities are as senior team member of Equitable Project, a FP7 funded project.

### **5. January 2010 to July 2012:**

Independent consultant on disability studies.

I have worked independently on ad hoc projects and am not registered as a company.

*Short consultancies in 2012:*

- Consultant to the WHO on the development of a model disability survey following the publication of the WB/WHO World Report on Disability, 2011.

*Short consultancies completed in 2011:*

- Consultant to the World Bank for project on assessing Chronic Illness and Permanent Disability in the Fijian Family Assistance Program, March – June 2011.
- Training of Department of Health staff on assessing accessibility of hospitals for people with disabilities. Tender awarded by the National Department of Health for training in 9 provinces.

*Short consultancies completed in 2010:*

- Technical assistance to UN Economic and Social Commission for Asia Pacific (ESCAP) on the project on 'Improving Disability Measurement and Statistics in the Asia Pacific Region'. Tasks included training of participating country teams, providing technical support, analysis and writing of final report and training guidelines.
- Drafting a report based on the Tanzania Disability Survey of 2008 focusing on children with disabilities. Contracted by National Bureau of Statistics, Tanzania.
- Research project leader on a small project investigating the role and benefits of social cash transfers for people with disabilities and their households in Zambia. Contracted by Sightsavers International and Zambia office.
- Technical advisor on assessing disability in young children and older children and adults to the

Social Assistance Grants for Empowerment project (SAGE) funded by DfID and Irish Aid in Uganda. Contracted by Maxwell Stamp, UK, and working with the team in Kampala.

**6. March 2004 to 31 December 2009:**

Chief Research Manager in the Child, Youth, Family and Social Development (CYFSD) Programme of the Human Sciences Research Council (HSRC). Responsibilities included

- Developing the disability related research agenda within CYFSD and the HSRC generally
- Integrating disability issues into the broader CYFSD and HSRC research. Areas of work included social security for disability, accessibility audits, disability and employment, needs of older people, and measurement and definition of disability.
- Head of the Pretoria office of the CYFSD programme (main office is in Durban)

As part of my work at the HSRC, I have provided technical assistance to the Planning Council, Qatar, and to the National Bureau of Statistics, Tanzania on their disability surveys.

**7. November 1999 to February 2004:**

Technical officer at the World Health Organization, Geneva. Assessment, Classification and Epidemiology Unit. Responsibilities included

- Coordination of the Environmental Factors Task Force which fed into the revision process for the International Classification of Functioning, Disability and Health (ICF) (completed in September 2001);
- General work on the ICF such as answering requests for clarification and attending meetings concerning the application and implementation of the ICF;
- Coordinating implementation of the WHO's World Health Survey in the Africa region, including contacting relevant organisations, establishing contracts, reviewing proposals and sampling strategies, providing ongoing technical and administrative support for countries, undertaking quality control procedures in the individual countries. I was responsible for overseeing the WHS in 18 African countries.

**8. September 1996 to October 1999:**

Principal researcher at Community Agency for Social Enquiry (C A S E). Responsibilities included formulating research proposals including budget; liaising with clients; managing research teams; analysing and writing up results and editing reports. (See below for list of projects and reports completed.)

**9. July 1995 to August 1996:**

Independent consultant in rehabilitation and disability issues with a particular interest and focus on policy for rehabilitation services and the development of community based rehabilitation services. (See below for a list of the projects completed.)

**10. January 1986 - June 1995:**

Clinical and Senior Clinical Tutor, Department of Speech Pathology and Audiology, University of the Witwatersrand, Johannesburg. Responsibilities included lecturing and clinical supervision of undergraduate students in Speech and Hearing therapy as well as supervision of Honours level research reports and MA dissertations.

**11. October 1982 - August 1985:**

Lecturer in Audiology and Hearing impairment, Centre for Clinical Communication Studies, City University, London, UK. Responsibilities included lecturing and clinical supervision of undergraduate students in Speech Therapy.

**12. March - July 1981:**

Temporary Lecturer in Audiology, Department of Logopaedics, University of Cape Town. Responsibilities included lecturing and clinical supervision of undergraduate students in Speech Pathology and Audiology.

### 13. January 1980 - February 1981:

Speech and Hearing Therapist, Groote Schuur Hospital, Cape Town. Responsibilities included Clinical management of people with communication disorders and clinical supervision of students in the Department of Logopaedics.
